# NOPEF

---

## **Objective**

- ✘ Nordic Project Fund NOPEF supports Nordic cooperation within the framework of its mandate.
- ✘ The specific aim of the fund is to strengthen the international competitiveness of Nordic enterprises by providing co-financing for feasibility studies that support export projects and the internationalization of Nordic enterprises.
- ✘ Cooperation with national, Nordic and international organizations.

## **Interest-free loans - Supporting grants**

- ✘ Nopef may participate with up to 40% of the approved feasibility study costs in connection with international business set up
- ✘ The loan is converted into a grant after the final project report has been approved.

# ESF

---

- ✘ The European Social Fund (ESF) is one of the EU's Structural Funds, set up to reduce differences in prosperity and living standards across EU Member States and regions, and therefore promoting economic and social cohesion.
- ✘ The ESF is devoted to promoting employment in the EU. It helps Member States make Europe's workforce and companies better equipped to face new, global challenges. In short:
  - Funding is spread across the Member States and regions, in particular those where economic development is less advanced.
  - It is a key element of the EU's 2020 strategy for Growth and Jobs targeted at improving the lives of EU citizens by giving them better skills and better job prospects.
  - Over the period 2007-2013 some **€75 billion** will be distributed to the EU Member States and regions to achieve its goals.
